Contract Let For Dial Telephone Building In Rockdale

Contract for the construction of Rockdale's new dial telephone building has been let and work will start Wednesday, Dec. 26, it was announced this morning.

The construction contract went to L. J. Ingram, contractor, and the B-J Construction Company, of Austin. The Barnes-Jones Lumber Company, of Rockdale, a local subsidiary, will furnish much of the material. The contract is for the general construction, heating and ventilation.

Floyd Reed, manager of the Southwestern Bell Telephone, says this morning that work was expected to start right after Christmas with a spring completion date in view. Warren Jones, of the Barnes-Jones company, Rockdale, said actual work would start the day after Christmas.

Reed said that after the building is completed workmen for the Western Electric Company, the manufacturing and supplies unit of the Bell System, will move into Rockdale, the necessary dial and associated equipment.

"Originally," Reed said, "we estimated that it would cost $105,000 to bring dial service to Rockdale, but industrial expansion since that time made it necessary for us to enlarge our plans and order more dial equipment. As a result the Rockdale building will contain more dial equipment than called for originally."

Reed said his company's plan to bring dial service here was in line with the promise made to the city last spring when approval was obtained to raise telephone rates.—Rockdale Reporter.

No Feudin! No Fussin! And No Fightin!

(From the San Antonio Light)

The followinge article appeared in the San Antonio Light, newspaper recently, and would like to pass it on to the readers of the DAILY MIDGET and CAMERON HERALD: "You read a lot about feuds between rival cities over their high school football teams and how bitter folks get toward each other. Sometimes it's true but not always. A Professor at Trinity University has sent us a clipping to show that the Gonzales Inquirer and Cameron Herald printed the highest praise of each other's citizenery, teams, coaches, and all after their recent football "battle," then patted their own rooters on the back for good sportsman like conduct that "proves our people have got 'rais. in," (as the Gonzales paper put it.

NOTICE OF CHARTER ELECTION FOR CITY OF CAMERON, TEXAS

AN ORDINANCE

ORDERING AN ELECTION TO BE HELD IN THE CITY OF CAMERON, TEXAS, TO DETERMINE THE QUESTION: SHALL A COMMISSION BE CHOSEN TO FRAME A NEW CHARTER? AND IF A MAJORITY OF THE VOTERS VOTING AT SAID ELECTION SHALL HAVE VOTED IN THE AFFIRMATIVE PROVIDING FOR A CHARTER COMMISSION TO PREPARE A NEW CHARTER, PROVIDING FOR A SECOND ELECTION TO DETERMINE WHETHER THE CHARTER SO DRAWN SHALL BE ADOPTED.

WHEREAS, THE GOVERNING BODY OF THE CITY OF CAMERON HAS BEEN Petitioned by ten per cent of the qualified voters of said City for submission to the voters of said City the question: "Shall A Commission be Chosen To Frame A New Charter?" and is required under the provisions of Article 1165 of the Civil Statutes of the State of Texas to provide for submission of said question by ordinance, THEREFORE, BE IT ORDAINED BY THE CITY OF CAMERON, TEXAS:

1. That an election be held on the 29 day of January, 1952 within said City submitting to the qualified voters of the City of Cameron, the question "Shall a Commission be chosen to frame a new Charter?"; and should a majority of the qualified voters voting on said question have voted in the affirmative that a Charter Commission of Fifteen Members be elected from the City at large. Said election shall be held at the City Hall of Cameron, Texas (in old Cameron State Bank Building), and D. B. Gunn is hereby appointed Presiding Judge of said election, B. J. Matocha, Judge, and Mrs. R. W. Bennett and Mrs. John Ryan Clerks, and said Presiding Judge shall select other necessary clerks to assist in holding said election.

2. That said election shall be held under the provisions of the Constitution and laws of the State of Texas, governing General Elections, and all persons qualified to vote in said City under the laws of this State regulating General Elections shall be allowed to vote. The manner of having said election shall be governed by said laws of the State of Texas governing General Elections.

3. That the form of ballot to be used in said election shall be substantially as follows:

"SHALL A COMMISSION BE CHOSEN TO FRAME A NEW CHARTER?"

ANSWER— "YES"— "NO"

FOR the following named persons of the City of Cameron to constitute a Charter Commission. Vote for not more than FIFTEEN.

1 Chas. Smith, Jr.
2 A. W. McCullin
3 Stanley Swift
4 Chas. E Brady
5 Miss Ada Margaret Smith
6 Mrs. Marvin Nance
7 Albert E. Matula
8 Milton Schiller
9 E. A. Perrin
10 Dr. George Bowman
11 Bill McIntosh
12 R. A. Michalka
13 J W. (Jim) Miller
14 Mrs. John B. Henderson
15 W. T. Hanes

4. Those desiring to vote for the proposition: "Shall a Commission be chosen to frame a new charter?" shall strike out the word "NO", and those desiring to vote against the proposition "Shall a Commission be chosen to frame a new Charter?" shall strike out the word "YES".

IN EITHER EVENT the voter shall then vote for a Charter Commission of not more than Fifteen members, to serve in case a majority of the voters voting at this election have voted in the affirmative. The above list has been selected by the City Council as a Charter Commission, and should the voter desire to vote against any or all of the above named persons, he may do so by scratching the name of such person and writing on the line opposite such scratched name the name of the person for whom he wishes to vote, provided that a failure to so name a Charter Commission shall not invalidate the voter's vote on the question, "Shall a Commission be chosen to frame a new Charter?".

5. That should a majority of the qualified voters voting at said election vote in the affirmative as to the question "Shall a Commission be chosen to frame a new Charter?", then, after the Charter Commission has completed its work and submitted the new charter a second election will be held at the time designated by the Charter Commission, in conformity with law, to determine whether the new Charter shall be adopted.

6. That a copy of this ordinance signed by the Mayor of the City of Cameron and attested by the Secretary of the City of Cameron shall serve as a proper notice of the election to be held as herein ordered, on the 29 day of January, 1952. The Mayor is authorized and directed to cause notice of said election to be posted at the City Hall and at two other public places in the said City of Cameron, for at least thirty (30) full days prior to the date of election; and he is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said City, which said notice shall be published each week for four weeks, the date of the first publication being not less than thirty (30) full days prior to the date of election.

7. The fact that the present charter of said City seems inadequate to the petitioning voters, and the importance of the proposed ordinance, constitutes an imperative public necessity for the suspension of the rules requiring ordinances to be read at three different meetings and the taking effect immediately of this ordinance, and such rules are hereby suspended and it is ordained that this ordinance shall take effect immediately after its passage and aproval by the Mayor.

Offered by Alderman, August Kunz.

PASSED AND APPROVED this the 18 day of December, 1951.

A. N. GREEN,
Mayor.

Proposed Rabies Law Announced By State Health Officer

The next legislature will be asked to pass a law requiring vaccination of dogs in rabies areas and payment of a 50 cents per year registration fee for rabies control program.

The proposed law was announced recently by George W. Cox, State Health Officer.

Dr. Cox said, 'it' is imperative that he have a good rabies conrol law for Texas," and the end for such control is evident." When one considers the loss of man-hours from taking tretatments, live stock losses, physician and veterinarian fees, the economic loss can be measured in millions of dollars in Texas each year.

The proposed law would grant the state health officer, broad regulatory powers, including quarantine, investigation and supervision in rabies matters.

Vaccination would be required in every county where rabies have occurred within the preceeding year.

Forty cents of the 50 cents registration fee would go to the county for special rabies fund. The other 10 cents would go to the state treasury for a special rabies fund.

Violations of law would be punishable by fines ranging from $10 to $1,000 and by imprisonment up to a year or both.

THREE *WISE* MEN

BOB is *one* wise fellow who's saying Merry Christmas with an *electric* range. His is a family with a budget . . . and he knows the *economy* of cooking electrically. A modern electric range actually *saves* you money, because there's less food shrinkage. Dependable electricity costs less than one cent per person per average meal!

BEN is another wise fellow who knows that with an electric range, the kitchen is easy to keep neat and clean. There's no smoke or soot to blacken pans . . . only a minimum of clean-up time is needed. He knows an electric range is the ideal gift for a cleaner kitchen!

BILL is a smart young man who believes *no* woman should be a slave to a kitchen! He knows that a modern *electric* range means more hours of leisure for the wife. Thermostatic temperature control maintains an *even* heat and a timing device turns the oven on and off automatically, so very little supervision is necessary. Of course, all *three* wise men knew that an electric range is a gift to be enjoyed every day in the year!

Director Annuonces Increase In Number Of Registrants For 1952

The number of Texas draft registrants to be examined at armed forces examining stations in January has been raised from 1,880 to 4,271, Brig. Gen Paul L. Wakefield, state Selective Service director, announced today.

Announcement of examination of the original group of 1,880 was made in early December. General Wakefield said his headquarters received the call for the additional 2,391 just before Christmas.

The 2,391 men to be selected will be from among men who have been examined before and failed to pass mental tests given by the armed forces. Under provisions of 1951 amendments to the draft law these men must be reexamined because of lowred mental standards now authorized as acceptable.

Among men to be included will be some whose liability for service under the draft law has been extended until age 35. Local boards have been called upon not to order any registrant for reexamination who appears to be eligible for any other deferred classification.

The state Selective service director said the program of examinining men who previously have failed mental tests will "go on for months." He said he was not able to estimate how many would be reexamined before the program is over.

"Our statistics at state headquarters show that we have around 87,000 men classified IV-F over the state," General Wakefield said. "They are men who have been considered unfit for physical, mental or moral reasons, or a combination of two or three of those reasons.

"Until a survey of our local board records is complete, we will not know exactly how many have been classified IV-F solely because of failure to pass the mental test," he concluded.

Self-Employed People Must Have SS Account Number in 1952

Most selfemployed people are now working under social security and are afforded the same benefits and protection that have long been enjoyed by employees in commerce and industry according to James B. Marley, manager of the Austin social security offices.

Recent changes in the social security law provided for coverage of most of the self-employed beginning January 1, 1951. Not included are farm operators, doctors, lawyers and certain other professional groups. These persons may be covered by other provisions of the law, however, if they are employees, or if in addition to their occupation they are in self-employment work covered by the law. For example—a lawyer who is also in the insurance business.

Social secuhrity field offices throughout the country are now receiving many inquiries concerning the reporting of self-employmnt income and the payment of tax.

A self-employed person will report income for social security credit on a detachable portion of his final individual income tax return. The collector of internal revnue will forward this detached portion to the social security administration where the income will be credited to the individual's account. Social security tax of 2½% of the self-employment income will be paid in full to the collector of internal revenue at the time if making the final income tax report. Ondy $3,600 of self-employment income is taxable for any one year.

Persons having net earnings from self-employment of less than $400 in a taxable twouolfz tq considered as self employed for social security purposes and are not covered by the new law.

The self-employed person will make his first contribution in 1952 when he files his income tax return for 1951. Each person not having a social security account number will need one at that time.

Field offices are now issuing account numbers to the self-employed and a last minute delay may be avoided by obtaining account numbers now. Application forms may be obtained at local post ofices or your social security field offices.
